Message from the Chairman

Dear Shareholders,

I, on behalf of the Board of Directors have the pleasure to welcome all of our esteemed shareholders on the occasion of 22nd Annual General Meeting of the company and I also want to give thanks to honorable shareholders for joining with us to make the event successful.

With pleasure, I present the Report of the Board of Directors, the Audited Financial Position, Statement of Profit or Loss & Other Comprehensive Income and other Financial Statements of the company for the year ended on June 30, 2023.

Dear shareholders, 52 years of independence, global attention is focused on the remarkable economic and social progress the country has achieved in recent decades. Even with the setbacks of the COVID-19 pandemic, the South Asian nation is on track to become a middle-income country within the next few years.

Dear shareholders, the ready-made garment (RMG) industry is a mainstay of this economic success story: Bangladesh is today one of the world's largest garment exporters, with the RMG sector accounting for 84 percent of Bangladesh's exports. This comes on the back of the sector's rapid growth and modernization over the past decade as well as the strides it has made in improving conditions for the country's approximately four million garment workers.

I would also like to take this opportunity to express my sincere gratitude and heartfelt thanks to all of our valued customers for their confidence in our products, to the employees for their tireless efforts, to the suppliers for their quality cotton, their trust, faith, confidence, continued support and co-operation throughout the year. I am also grateful to our valued customers, honorable shareholders, clients, well-wishers and the regulators, especially Bangladesh Securities and Exchange Commission (BSEC), Dhaka Stock Exchange Limited (DSE), Chittagong Stock Exchange PLC (CSE), Registrar of Joint Stock Companies & Firms (RJSC&F), Bangladesh Investment Development Authority (BIDA), Financial Reporting Council (FRC) and Central Depository of Bangladesh Limited (CDBL), to the Bankers, to the Insurers and other regulatory authorities and institutions for their prudent guidance and support. We hope that the same support from all stakeholders would continue in the coming years.

I am really delighted to declare that your Board has recommended 5% Cash Dividend to the General Public Shareholders other than Sponsors and Directors for the year ended on June 30, 2023. I hope the shareholders would welcome and appreciate the recommendations of the Board of Directors and approve the appropriation of profit and distribution of the dividend considering the business situation of the Country.

I specially want to give thanks to Managing Director, Mr. Kao Wen Fu for his enthusiastic leadership as we continued the sustainable growth trend. We believe his farsighted leadership and hardworking of his team will make prosperous of our future.

Once again, I welcome you to the 22nd Annual General Meeting of Shepherd Industries PLC and offer my heartiest compliments to all of you. I embrace your support and seek your co-operation by all means for a brighter future for all.

Thanking you and Best Regards,

Chung Wen Kuei
Chairman

SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE

The company operates in single segments, so segment reporting is not applicable.

RISK EXPOSURE**Interest rate risk**

Interest rate risk is the risk that Company faces due to unfavorable movements in the interest rates. Changes in the government's monetary policy, along with increased demand for loans/ investments tend to increase the interest rates. Such rises in interest rates mostly affect companies having floating rate loans or companies investing in debt securities.

Management perception

The Company maintains low debt/ equity ratio and accordingly, adverse impact of interest rate fluctuation is insignificant. Considering the global economy and inflection of overseas financing, financial institutions in Bangladesh reducing lending rate creating an opportunity for saving in financial cost.

Exchange rate risk

Exchange rate risk occurs due to changes in exchange rates. As the Company imports materials and equipment from abroad and also earns revenue in foreign currency, unfavorable volatility or currency fluctuation may affect the profitability of the Company. If exchange rate increases against local currency, opportunity arises for generating more profit.

Management perception

The company purchase raw materials and sells finished product mostly in US\$ currency and the transaction would settle within very short period. Therefore, volatility of exchange rate will have no impact on profitability of the Company.

Industry risks

Industry risk refers to the risk of increased competition from foreign and domestic sources leading to lower prices, revenues, profit margin, and market share which could have an adverse impact on the business, financial condition and results of operation.

Management perception

Management is optimistic about growth opportunity in textile sector in Bangladesh. Furthermore, there is untapped international market.

Market risks

Market risk refers to the risk of adverse market conditions affecting the sales and profitability of the company. Mostly, the risk arises from falling demand for the product or service which would harm the performance of the company. On the other hand, strong marketing and brand management would help the company increase their customer base.

Management perception

Management is fully aware of the market risk and act accordingly. Market for textile products in Bangladesh is growing at an exponential rate. Moreover, the company has a strong marketing and brand management to increase the customer base and customer loyalty.

Operational risks

Non-availabilities of materials/equipment/services may affect the smooth operational activities of The Company. On the other hand, the equipment may face operational and mechanical failures due to natural disasters, terrorist attacks, unforeseen events, lack of supervision and negligence, leading to severe accidents and losses.

Management perception

The company perceives that allocation of its resources properly can reduce this risk factor to great extent. The Company hedges such risks and also takes preventive measures therefore.

Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at a reasonable price.

Management perception

The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. Typically, management ensures that it has sufficient cash and cash equivalent to meet expected operational expenses, including the servicing of financial obligation through preparation of the cash forecast, prepared based on time line of payment of the financial obligation and accordingly arrange for sufficient liquidity/fund to make the expected payment within due date.

Environment Risk

One of the main Elements for Dyeing and Washing are water and which extracting only from underground source as a result day by day underground water level is going deeper and cost of water is also increasing. On the other hand, it's discharging waste water which is heavily contaminated by dyes and chemicals which also very harmful for human as well as animals those are lived in water. Above the environmental effects may increase the product cost in future. To overcome these obstacles, we have set up a biological ETP which is less costly than chemical ETP.

<p>Revenue (from export of goods) is recognized at fair value of the consideration received or receivable in the period during which the goods or services are provided.</p> <p>We identified revenue recognition as a key audit matter because revenue is one of the key performance indicators of the group and therefore there is an inherent risk of manipulation of the timing of recognition of revenue by management to meet specific targets or expectations.</p> <p>See Note-2.23 and 23 to the financial statements.</p>	<p>In addition, we assessed whether the disclosed revenue accounting policy was in accordance with relevant accounting standards.</p> <p>For the revenue recognized throughout the year, we tested selected key controls, including results reviews by management, for their operating effectiveness and performed procedures to gain sufficient audit evidence on the accuracy of the accounting for customer contracts and related financial statement captions.</p> <p>These procedures included reading significant new contracts to understand the terms and conditions and their impact on revenue recognition. We performed enquiries with management to understand their risk assessments and inspected meeting minutes to identify relevant changes in their assessments and estimates.</p> <p>Our audit approach was also a combination of test of internal controls and substantive procedures which included the following:</p> <ul style="list-style-type: none"> • Obtained an understanding of the various revenue streams and nature of sales contracts entered into by the company. • Evaluated the design of internal controls relating to recording of efforts incurred and estimation of efforts required to complete the performance obligations. • Tested of revenue recorded over the year using sampling techniques by examining the relevant supporting documents including proforma invoice and commercial invoices, LC documents relating bill of exchange, delivery challan, bank statement, proceed realization certificate and also, we confirmed selected customers' receivable balances at the statement of financial position date, selected on a sample basis by considering the amount outstanding with those customers. • Evaluated the design of internal controls relating to identification of performance obligations and determining timing of revenue recognition. • We specifically put emphasis on those transactions occurring close before or after the statement of financial position date to obtain sufficient evidence over the accuracy of cut-off. <p>Finally assessed the appropriateness and presentation of disclosures against relevant accounting standards.</p>

Other Information

Management is responsible for the other information. The other information comprises all the information in the Annual Report other than the financial statements and our auditors' report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

After going through the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to the board of directors of the company.

Responsibilities of Management and Those Charged with Governance for the Financial Statements and Internal Controls

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with IFRSs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the company to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the company audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In accordance with the Companies Act 1994, we also report the following:

- a) we have obtained all the information and explanation which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof;
- b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appeared from our examination of those books; and
- c) the statement of financial position and statement of profit or loss and other comprehensive income dealt with by the report are in agreement with the books of account.
- d) the expenditure incurred was for the purposes of the Company's business for the year.
